RE: Shaka Shack 41'x48' Building Addition
TM# 134-12.00-353.00

Dear Ms. Reynolds,

The Sussex Conservation District has reviewed the plan for the above referenced site. The District concurs with the information provided and agrees that the total disturbance of the 41'x48' building addition is less than 5,000 square feet and is therefore exempt from obtaining a sediment and stormwater plan. **Please note – that this exemption does not grant the expansion of the driveway and/or additional parking for this parcel. This exemption letter pertains to the building addition only.**

If you have any questions or concerns, please contact the District at 302-856-2105.

Sincerely,

Jessica L. Watson
